創作一：

Prompt: please give me the style of Pixar photo of me, a graduate student who is struggling with my studying, including presentation and writing. I am a woman. (請用皮克斯風格呈現我的照片形象：一位正在為學業努力掙扎的女研究生，包括報告發表和寫作方面的困難。)

Comment: 此組照片的風格和影像非常清秀，戴眼鏡也表達出研究生讀很多書的樣貌。

創作二：

Prompt: please give me the style of Pixar photo of a female graduate student who sit in the library. I want the girl to be Taiwanese and feel tired. (請用皮克斯風格呈現一位坐在圖書館的女性研究生，我希望這位女生是台灣人並顯出疲態)

Comment: 我覺得這次生成的圖片和一般皮克斯的風格不太一樣，可能因為我下了 Taiwanese 這個 prompt，導致它出現類似日本或台灣動漫風格的人物。對於皮克斯風格來說，一般常見的就是大大且閃亮的眼睛，但那比較是歐美風格的人物，所以我才加了 Taiwanese 這個 prompt。

創作三：

Prompt: Use the style of Pixar: a teaching inspired the students in the classroom with her dream, and the sunshine dropped in the window, with the word "dream" on the blackboard. (想法取自 ChatGPT，並依此做過修改: Pixar 風格的夢想教師在教室裡啟發學生，陽光從窗外灑進來，黑板上寫著夢想兩字)

Comment: 其實我嘗試了幾次，發現越後來生成的越不像皮克斯的風格，不知道是哪裡出了問題，所以我還是選擇了最一開始生成的圖片，比較有皮克斯的風格。

創作四：

Prompt: Pixar-style Shida Night Market in Taipei, filled with anthropomorphic Taiwanese street foods like bubble tea, stinky tofu, scallion pancakes, fried chicken cutlets, and grilled squid — all with adorable expressive faces, chatting and interacting playfully. The scene is lively, warm, and vibrant, with glowing night lights and colorful vendor signs in traditional Chinese characters. Each food item looks glossy, juicy, and irresistibly delicious, with textures that highlight their tastiness. (請 ChatGPT 協助生成 prompt，協助過程顯示在右下圖。)

Comment: 我滿喜歡這次生成的圖片，每個食物都被擬人化，看起來很美味。雖然不太像是師大夜市的樣子，但至少有夜市的感覺。

Pixar風格的師大夜市，食物們都有臉會說話，熱鬧又可愛
我希望看起來很好吃，幫我修改prompt

當然可以！這是根據你的要求優化過的 prompt，加入了「師大夜市」、「Pixar風格」、「擬人化食物」、「美味感」與「熱鬧氛圍」等關鍵元素：
